

SHADSWORTH INFANT SCHOOL NEWSLETTER

14th March 2025

MRS CROMPTON'S MESSAGE

WEEKLY MESSAGE

It has been a fun and busy week of learning in school. On Wednesday Nursery went to the farm and on Thursday we celebrated British Science Week with each class spending the afternoon carrying out some interesting science experiments.

Next week is our Spring Term Parents' Evening. If you haven't already done so, please book an appointment using Parent Mail. Parents' evening is an opportunity for you to find out how your child is getting on in school and to discuss ways to support their learning at home. We look forward to seeing you there!

UPCOMING EVENTS

TITLE

Wednesday 19th March 2025

OUR LEARNING

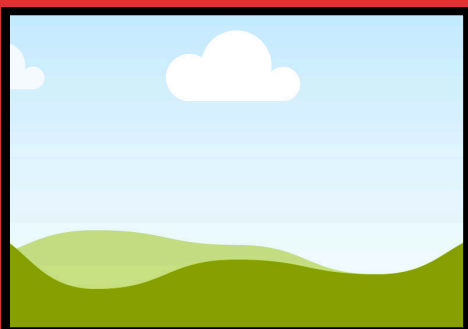

NURSERY

We have had a busy week in Nursery! We started the week off by learning about number 6 in Maths and part of our topic we have been looking at all the different animals we might see on a farm. This is followed by a trip to Smithills Farm with group 1. We did many activities at the farm such as petting and feeding the animals, a donkey ride, tractor ride and milking the cows. We finished the week off by celebrating science week and we carried out some fun experiments.

RECEPTION

This week in Reception, we have been celebrating Science Week by looking at 'New Life'. We have been so lucky to watch a real life cycle in action. From 9 eggs that were delivered - all 9 have hatched! We have seen the baby chicks develop already, from helpless little creatures to fluffy, energetic baby hens!!

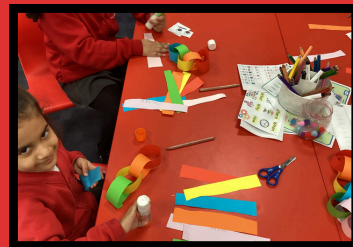

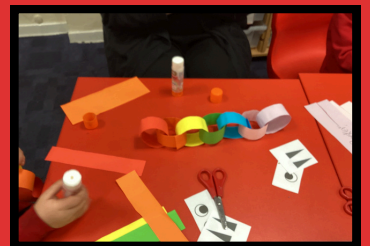

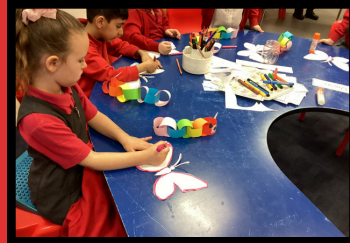

OUR LEARNING

YEAR 1

Year 1 really enjoyed learning about change and adapting in Science yesterday. In 1H, we discussed how caterpillars create their cocoons to turn into butterflies. In 1J, we looked at changes to our bodies when we get ill and how it adapts creating antibodies that remember- the illness .

YEAR 2

Year 2 loved their time experimenting yesterday as part of British Science Week. 2K explored light with the shadow puppets they have been creating and 2H investigated how different types of sugar dissolve in water. Ask your child to tell you about where and how the Great Fire of London began.

OUR LEARNING

BRIDGE CENTRE

This week in The Bridge, we have been discussing local wild life and have been learning how to upcycle materials, to build bird boxes.

We have also been to Sport NRG and used teambuilding skills to walk tight-ropes and tie hammocks up to trees. Fun times!

RAINBOW ROOM

This week we have explored all things related to Goldilocks and the Three Bears. We have enjoyed digging into wet porridge oats and trying to find the small teddies hidden in there. We have also enjoyed taking part in a mini obstacle course whilst carrying a bucket of oats! We completed a science experiment using bicarb soda, vinegar and food coloring - we were very excited to watch it explode! We have carried out our daily interventions - PECS, workstations, individual speech and language programmes, Phonics and Attention for Learning.

Easter

Bingo Evening

SHADSWORTH INFANT
SCHOOL HALL
THURSDAY 3RD APRIL
AT 3.30 - 5:00

*Brew and a
Biscuit*
