## My Home

### Key Vocabulary

Family	A group of one or more 'grown ups' living together as a unit with children
Home	The place where you live permanently as part of a family
Houses	A building for humans to live in
Semi-Detached	A house attached to another house on one sound
Bungalow	A house of usually only 1 storey
Owl	A nocturnal bird of prey with large eyes, a hooked beak and uses a loud 'hooting' call
Nocturnal	An animal that only comes out at night
Diurnal	An animal that is mainly active during the day

### Other types of house

The seven main types of houses in the UK:

### Key Learning

- To talk in detail about members of our family
- To identify which family members live in our home
- To compare the different types of houses in the local area.
- To understand what is meant by 'nocturnal' and 'diurnal'.
- To name and recognise some nocturnal and diurnal animals
- To recall facts about owls using newly learned vocabulary.

### Characteristics of Effective Learning

- To show curiosity about objects, events and people
  - Showing high levels of energy, fascination
  - Paying attention to details

### Owl Facts

- Owls can rotate their necks 270 degrees
- A group of owls is called a parliament
- Male owls make the 'twit' sound
- Female owls make the 'twoo' sounds
- Owls are nocturnal
- They are predators
- They eat mice, voles and may hunt other owls
