Message from Mrs Crompton

Thank you for your support with our home reading partnership. Hopefully you are enjoying listening to your child read a book they are familiar with and sharing in their success. All we ask is that you listen to your child read their book, sign their reading record and send it back to school each Monday. The children can read to any family member, we have one reception child who reads their book to an older sister which is working really well. There will be a free book shop next week for any child who has read their book at home every week to say well done.

Thank you to the parents/ carers who managed to join us on Monday for our Macmillan coffee afternoon or who bought a cake after school, we raised just over £50 for the charity.

A big well done to the year 2 children who represented the school in football on Wednesday. The team were up against some tough competition but finished second which is super! Well done, we are really proud of you.

Next week is parents evening on Monday 14th and Thursday 17th October. This is your opportunity to meet with your child's class teacher and find out about their progress and next steps. It is also a chance to ask any questions you might have about your child. If you haven't already done so, please book an appointment via Parentmail.

Education is not optional! There is an expectation that children are in school everyday!

in the news this week?

In the Early Years

Let's have a look at this week's poster!

7th - 13th October 2024

Let's look at this week's story

The people in the picture work for a company called Amazon.

Think about: Has anyone heard of Amazon before? What do you know about it? Can anyone see the Amazon logo on the poster? Has anyone you know bought something from Amazon before? How do you buy things from Amazon? What happens after you order something from Amazon?

It has been in the news that Amazon is changing the rules for their staff (the people who work for them). At the moment, some people go into the office to work on some of their days and work from home on other days. The Amazon bosses have said they no longer want anyone to work from home. They think that people will work better if they are all together, rather than on their own at home.

Think about: Do you know anyone who works at home? Do they like to work at home? Do you know anyone who goes into work? Does it take them a long time to get there? Do you think people should be able to choose if they go into work or work from home? Why?

Individual Liberty

Some people enjoy working in an office and others do not. When we are an adult, we will be able to choose a job that suits us the most.

Protected Characteristics

Companies, like Amazon, have many employees. The law protects all employees from being treated unfairly at work.

Fire Safety - Stay Safe and stand well back

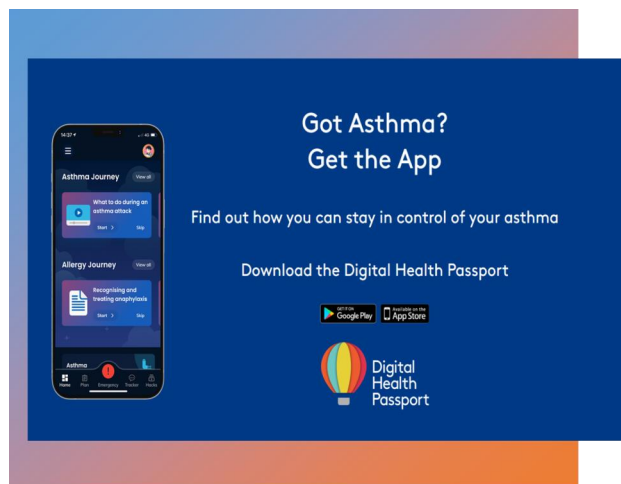

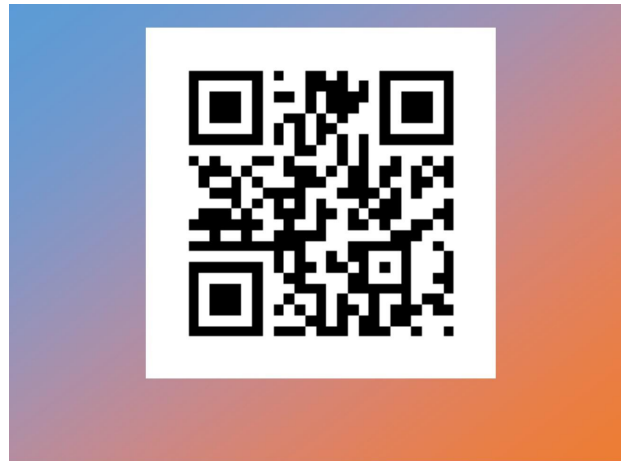

What is asthma?

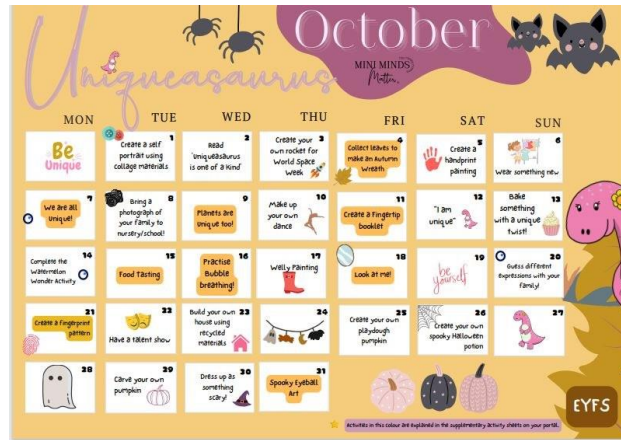

Asthma is a long term health condition that affects the airways

It affects 1/12 adults and 1/11 children-that is 2-3 children in each class.

For those affected when they come into contact with a trigger, the muscles around their airways become tight and the lining becomes swollen and inflamed narrowing the air passage (imagine diameter of a hose pipe reducing to a straw)

The development of mucus or phlegm further reduces the airway and the persons ability to move air in and out of the lungs, for further information - please use the below QR code to download the app.

Introducing our mindful calendar, each month the calendar will give you ideas and suggestions of how to be more mindful as a family. Please take a few moments to look at the calendar, share the information with your child/children, have fun and enjoy!
