

Summer 2 Homework Grid
What a Wonderful World!

Design and Make

Using any materials you can find, can you build one of the 7 Wonders of the World?

Use paper, cardboard, card, and other things you can find!

Science

Find out what country one of the 7 Wonders of the World is located in.

What kind of animals live there? What is the habitat like?

Creative Writing

Write a setting description of one of the 7 Wonders of the World. Remember to use lots of adjectives!

Working Together

Choose a country and research what kinds of food they have. With an adult, make some food from that country and bring in a picture!

Present to the class

Choose and research any country from the world and present a fact file to the class. Look for what sports are popular, what kinds of food they eat, and anything else you find interesting!

Outdoors

Go for a landmark hunt! Take a walk around your local area and see if you can find any landmarks for Blackburn.

Maths

Have a look at some pictures of one of the 7 Wonders of the World.

What shapes can you see?

Art

Using material from outdoors or around your home, create a collage of one of the 7 Wonders of the World.
