

Summer 1 Homework Grid

Out Of This World!

Design and Make

Build an alien spaceship or rocket.

Science

Research the weather across the four different seasons and create a poster to show what you have found out. Bring it in to display.

Reading and Creative Writing

Draw an alien, give them a name and write a character description. It can be displayed in the corridor.

Working Together

In a box, create a solar system scene. Be as creative as you want.

Phonics

On www.PhonicsPlay.co.uk, ask a parent to set up Obb and Bob and play your way through Phases 3, 4 and 5.

Outdoors

Go for a nature walk in your local park, collect leaves off different trees and see if you can find out which tree it came from.

Maths

Practice spelling number words up to twenty.

e.g. one, two, three

History

Find out about an important event that has happened in space. You could also make a poster to tell us what you have found out.
