

Autumn 1 Homework Grid

Communication, Language and Literacy

Talk about your family with your grown-up. Discuss the people who are in your family and extended family. Draw a picture of your family in your homework book.

Personal, Social and Emotional

Bring in something from home that is special to you. At the end of the day, you can talk about your special object to your friends. This can be anything that means something to you.

Writing

We have been practising writing letters and how they are formed. Write all of the letters in the alphabet (lower case) in your homework book, try to remember how we write them correctly.

Maths

We have been learning all about simple 2D shapes. Can you spot any shapes in your house and on your way to school? Draw what you have found and ask a grown-up to label it for you.

Creative

Can you draw a detailed self portrait of yourself? Use a mirror so that you can include every detail.

Outdoor

Can you collect any autumn objects from outside? Bring them into school and we will put them on our Autumn table.
