

# Spring 1 Homework Grid Journeys

## Communication, Language and Literacy

Read a bedtime story to your child at home. Talk about the pictures and characters. Bring your favourite book into school and we can read it at hometime.

## Personal, Social and Emotional

Think of and design a mode of transport that can travel through the air. It could be a combination of a plane/helicopter or a hot air balloon/jet. Label the different parts of your new vehicle.

## Writing

Write some CVC words that we have been learning about in Literacy. For example, dog, cat, ant, sun.

## Maths

Can you practise counting up to 10 with your grown up?  
Can you find different ways to make 5?  
Go on a shape hunt around your house. What shapes do you see?

## Creative

Draw a picture of a journey that you've gone on. Have you travelled to a park, the shops, or maybe even gone on holiday. Draw the mode of transport, your starting point and the end point of your journey too.

## Outdoor

Can you collect any winter objects from outside? Bring them into school and we will put them on our seasonal display.
