

Spring 1 Homework Grid
Journeys

Communication, Language and Literacy

Read a bedtime story to your child at home. Talk about the pictures and characters. Bring your favourite book into school and we can read it at hometime.

Personal, Social and Emotional

Play a turn-taking game with a grown up. Make sure you take it in turns and play fairly. We can't wait to hear all about it at school!

If the game is small, you could bring it to school to play with your teacher and friends.

Literacy

Write some CVC words that we have been learning about in Literacy. For example, dog, cat, ant, sun.

Mathematics

Draw a map of a journey that you have been on. Have you traveled to the park, the shops or maybe on holiday? Draw the mode of transport, your starting point and the end point of your journey. Label what you can.

Expressive Arts & Design

Design and create your own vehicle using junk modelling. Bring it into school to show your friends.

Understanding of the World

Spend some time outside on a cold, winters day. Explore and observe your surroundings. If its snowing, build a snowman. If its icy, take some ice into your house and watch what happens to it. Take photos to bring into school.
